Week 5 — This week we held our parent consultation meetings via telephone call. Thank you to parents for your support and positivity. Children's reading remains at a noticeably good level across all years. Parents please continue to read with your child at home on a regular basis as this evidently helps with your child's progress. As the short-term weather forecast predicts days of rain, please can you ensure that your child has a waterproof coat in school with them every day as we will still be taking regular outdoor breaks during the day, as well as our scheduled break and lunchtimes. Please remain safe and continue to wash hands and follow government Covid-19 guidelines. Thank you.

Our New Residents

We are happy to let you know that our new fishes are doing well and the children love to pop through to the lobby to see them. They are very calming to watch as they swim about in their lovely aquarium. We hope you like the photos (very difficult to capture as they are fast little swimmers!)

Wellie Wading

This year we had our pond cleared and partially filled in with concrete to a safe shallow level whereby the children can make more use of it. The pond is now much more accessible to the children and they can even go wellie wading! This week our Reception children had lots of fun in and around the pond in their lesson.

Collecting children at the end of a session

Monday to Wednesday please use the parents room door on the left hand side of the building. Thursdays please come to the main Reception door where the after-school club supervisor will greet you.

Parents/carers—please do not come into the school building. If you are going to be early or late for pick up then please call the school telephone number as we now have a specific handset for Breakfast Club and After-School Club.
